PROFESSIONAL SUMMARY

DevOps-focused Full Stack Developer with hands-on experience building and deploying scalable cloud-native applications on AWS. Deployed a PBL Management System on AWS Lambda serving 5,000+ users, implementing CI/CD and serverless architecture for scalability and cost efficiency.

TECHNICAL SKILLS

Frontend: React.js , Tailwind CSS
Backend: Node.js, Flask , FastAPI
Programming Languages: Python, JavaScript, Java ,
Database : Mysql , MongoDB, Postgresql , Firebase

DevOps : AWS , Docker, Kubernetes , Prometheus, Grafana, GitHub Actions ,Linux , Shell Scripting,
Other: System Design Fundamental , Networking Fundamental , IOT (Arduino UNO , ESP 32)

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern — MIT ADT University | Jun 2025 – Aug 2025

- Built a PBL Management System serving 5,000+ students and 300+ faculty
- Deployed the application on AWS Lambda with CI/CD pipeline automation using GitHub Actions.
- Utilized Amazon S3 for secure document storage and implemented cloud-based monitoring and performance optimization.

MAJOR PROJECTS

BeejSamapadha (Smart India Hackathon 2025 Winning Project) **(Oct 2025 - Dec 2025)**
An AI and Blockchain-integrated ecosystem designed to optimize India's oilseed by-product value chain through predictive analytics and real-time automation.

EaseHire (AI-driven Recruitment System) **(Jan 2025 – March 2025)**
An AI-powered recruitment system utilizing LLM models through Ollama for resume analysis and ATS scoring. Built using Flutter for desktop with integrated cloud-based data storage and candidate management.

DepClick (Cloud Deployment & Serverless Platform) **(Jan 2026 - Ongoing)**
A cloud deployment platform built on AWS that transforms traditional applications into serverless architectures using Agentic AI-driven automation. Utilizes Amazon ECS for efficient workload management and optimization of underutilized CPU resources. Integrates monitoring tools for real-time performance tracking and cost optimization

EDUCATION

MIT ADT University, Pune — B.Tech in Computer Science and Engineering (2024 – 2027)

Lovely Professional University, Punjab — Diploma in Computer Science and Engineering (2022 – 2024)

CERTIFICATION & ACHIEVEMENTS

Smart India Hackathon Winner 2025
AWS Academy Graduate – Cloud Foundation
